Dear Parents, Carers and pupils,

Manor Way Eco councillors are looking forward to holding an Eco/Green Day on Thursday 11th April 2019.

Eco Council would like each pupil to donate a pack of seeds or plants towards the running of the day. This could be vegetable seeds, wild flower seeds or even a tray of pansies.

During the day each class will focus on an environmental issue and learn more about how we are changing the earth and more importantly, what we can do to make a positive change.

Each class will have the opportunity to work in the school eco garden, including preparing the garden to planting seeds and learning about biodiversity and the importance of grow your own.

During the day, each year group will take part in a session in the Forest School with a focus on the environment.

Pupils will be able to come to school in their outdoor kit for the day and to continue the green eco theme, can they wear an item of green. Please ensure footwear is suitable for the classroom, the garden and the Forest School area. If the weather is wet that day then can pupils bring wellies to change into for outdoor areas.

We are really looking forward to a successful Eco day. Let's hope the weather IS good!

Thank you for your continued support.

Eco Council and Mrs Mason
